Dear Dr. Bhatia:

The California Environmental Protection Agency (Cal/EPA), Office of the State Fire Marshal, Department of Toxic Substances Control, and the State Water Resources Control Board conducted a program evaluation of the San Francisco City and County Public Health Department Certified Unified Program Agency (CUPA) on March 12 and 13, 2008. The evaluation consisted of a review of program elements, an in-office program review, and field oversight inspections, by State evaluators. The evaluators completed a Certified Unified Program Agency Evaluation Summary of Findings with your agency's program management staff. The Summary of Findings includes identified deficiencies, a list of preliminary corrective actions, program observations, program recommendations, and examples of outstanding program implementation.

Cal/EPA has received documentation of corrective actions taken by San Francisco City and County Public Health Department for the deficiencies found during the evaluation process. After reviewing the Evaluation Summary of Findings and the documentation of corrective actions, Cal/EPA finds that all deficiencies noted in the Evaluation Summary of Findings have been corrected.

Cal/EPA appreciates the actions taken by San Francisco City and County Public Health Department. Based on these corrections, Cal/EPA has modified San Francisco City and County Public Health Department's rating on the evaluation from satisfactory with some improvement needed to meets program performance standards.

Thank you for your continued commitment to the protection of public health and the environment. If you have any questions or need further assistance, you may contact Jim Bohon, Manager, Cal/EPA Unified Program at (916) 327-5097 or email at [jbohon@calepa.ca.gov](mailto:jbohon@calepa.ca.gov).

Sincerely,
